My town is located in the hill  
lying down like an old (men) dying  
the sorrow and loneliness keep him company  
my town I leave you unhappy -

What will be?, what will be, what will be  
what will happen in my life , what will be  
If I know too much or I don't know anything  
tomorrow I'll know and it will be  
whatever will be , it will be

My friends are already gone  
and others will go away after than me.  
I feel sorry because I loved his kind compnay  
more than my life , but I have to go .

What will be?, what will be, what will be  
what will happen in my life , what will be  
in the nights my guitar will play sweetly  
and a child of my town will cry -

Love , Love I take your smile  
it was the fountain of my firts love  
My love, I promise how and when ? I don't know  
but I only know that I'll be back -
