Oh, where you gonna go  
Say where you gonna hide  
You go on leaving out your heart  
And all it's saying deep inside

From here, I can feel your heart beat  
Oh, you got me all wrong  
You don't have to worry  
You just been lonely too long  
I know what it means to hide your heart  
From a long time ago, oh darling

It keeps you running, oh it keeps you running  
It keeps you running, oh it keeps you running

Oh, I know how you feel  
Hey, you know I been there  
But what you've been keeping to yourself  
Well you know it just ain't fair

Are you gonna worry  
For the rest of your life  
Why are you in such a hurry  
To be lonely one more night  
I know what it means to hide your heart  
From a long time ago

It keeps you running, oh it keeps you running  
It keeps you running, oh it keeps you running
