Visit "[Where Or When](#)" on MotoLyrics.com

Sometimes you think you lived before
All that you lived today
Things you do come back to you
As if they knew the way
All the tricks your mind can play

It seems we stood and talked like this before
We looked at each other in the same way then
But I can't remember where or when

The clothes you're wearing are the clothes you wore
The smile you are smiling you were smiling then
But I can't remember where or when

Some thing's that happened for the first time
Seem to be happening again
And so it seems that we have met before
And laughed before and loved before
But who knows where or when

Some thing's that happened for the first time
Seem to be happening again
And so it seems that we have met before
And laughed before and loved before
But who knows where or when
But who knows where or when
