You walked into the party
At eight oâ€™ clock on the dot
You brought with you your mango juice
You thought it was apricot

You had one eye on the TV
As you watched the stars gavotte
And in your own dream you thought
They'd be your partner
They'd be your partner, and....

Chorus:
Youâ€™ re mundane
Youâ€™ ve never heard a song thatâ€™ s about you
Youâ€™ re mundane
Youâ€™ ve never heard a song thatâ€™ s about you
Have you? Have you?

You tried a girlfriend several years ago
Who was anything but naive
You met online and you had your date
But when she wanted to conceive

You gave to her your grandmaâ€™ s ring
And said you would never leave
You watched her drink
The last of the six pack
Last of the six pack and....

Chorus

Well you took a puff several years ago
And saw the universe unfold
The flashbacks come every now and then
But it was parsley that we rolled

Youâ€™ re where you should be all the time
There really is no myth
No underworld spy
Is your close friend
Except on the weekend

Chorus
