You and I may never be the perfect pair
The kind most people dream
Themselves to be
Just as long as you and I
Are both aware
That life is what we make it to be
Then we won't care what others
Have to say
Our love will guide us
And show the way, oh baby

From this moment on it's
Me and you
The road of life ahead we'll journey
Through
And through it may be winding
We'll go right on reminding
That we both have each other

Cherish every moment
Darlin' hold me fast
Live each day as though it
Were last
The only time and place that
We are certain of
My love, is here and now

We had yesterday but now it's
Come and gone
Tomorrow still to come belongs to none
We had found the miracle of love today
If we try hard enough it's here to stay

Our rainbows end may just be 'round the bend
I know we'll find it but until the oh baby

From this moment on it's
Me and you
The road of life ahead we'll journey
Through
And through it may be winding
We'll go right on reminding

That we both have each other

Cherish every moment
Darlin' hold me fast
Live each day as though it
Were last
The only time and place that
We are certain of
My love, is here and now

Cherish every moment
Darlin' hold me fast
Live each day as though it
Were last
The only time and place that
We are certain of
My love, is here and now

Our love is here and now
