Without you I wouldn't be the same,  
Without you my life would just be a game,  
Just having you around makes my world fun,  
I rather have you as my love than having none.

So many things that I want to tell you,  
But it's like every time I see you it won't come through,  
You make me feel so good inside,  
That's why I'll always be by your side.

Chorus.  
I can't breathe,  
I can't sleep,  
Cause without you I just can't eat,  
So many days has passed me by,  
All I want to do is cry,  
Cause without you I feel all alone,  
That's why baby I want you to come back home.

When your here all I have is joy,  
All I ever wanted was you and so much more,  
You're like my sunlight you brighten my day,  
You're like my sugar you always keep me awake.

Without you I can hardly breathe,  
I'm like a child come fulfill my needs,  
So many days I'm all alone,  
Please baby,  
I just want you to come back home.

Chorus.  
I can't breathe,  
I can't sleep,  
Cause without you I just can't eat,  
So many days has passed me by,  
All I want to do is cry,  
Cause without you I feel all alone,  
That's why baby I want you to come back home.

Cause without You ' can't Breath.
