Town and country, black woods into the greatness
Town and city, upwards too much to take
Falling backwards, always into the greatness
Town and city, became too much to take
Cause I've moved into a tall tall building all alone
And called it home
Baby it starts like ... water into my...
Town and country, where I move up to expand
Town and country, oh I know what to expect
...into the street lights
Town and city, let's hurry up to my bed
Cause I've moved into a tall tall building all alone
I've moved into a tall tall building all alone
I've moved into a tall tall building all alone and called it
home
I've moved into a tall tall building all alone and called it
home
I've moved into a tall tall building all alone and called it
home.
