Spoken:

We serve a good God here today.  
Has He been good to you today?  
Is He good all of the time?  
Let me tell you a little bit about Him.

You see, He is Master, Savior, coming King and He is  
good to me.  
A creator of everything, He's good to Me and when I'm  
down, feeling low  
There is somewhere I know I can go.

He's good, He's good, He's good all the time  
He healed my body and He healed my mind.

No better friend you will ever find,  
He's good to me  
He's good, He's good, He's good all the time  
He healed my body and he healed my mind.  
No better friend you will ever find, He's good to me.

I believe He's King of Glory, the Lord of all, He's good  
to me  
My Redeemer when I fall, He is good to me and when  
I'm down, feeling low  
There is somewhere I know I can go.
