Your spirit has raised me
And helped me to grow
Showing and teaching me things I should know
And you never gave up LORD
Your face never turned
But you strove with your servant
Until he had learned

That's why I'm ready
Lord I'm willing and I'm able to climb
That mountain before me
I so need your hand in mine
And no matter the cost Lord
I'm yielding my will
And I'll learn every lesson
I'm humbled and still

And I praise you
I praise you
For righting my wrong
And I praise you
I praise you
For making me strong
Your spirit Your spirit
Will sooth all the pain
And I praise you
I praise you again and again

Lord without you I'm nothing
Without you I'm lost
And yet, yet you so love me
That you died on that cross
You showed me your mercy
And your love without end
It just makes me want to praise you
Again and again

Oh I praise you
I praise you
For righting my wrong
And I praise you
I praise you

For making me strong
Your spirit Your spirit
Will sooth all the pain
And I praise you
I praise you again and again

Oh I praise you
Lord I praise you
For righting my wrong
I praise you
How I praise you
For making me strong
Your spirit Your spirit
Will sooth all the pain
And I praise you
I praise you again and again
