Stand up make a joyful noise  
Stand up here today  
Stand up make a joyful noise  
Stand up give Him praise

He is the only One  
He is the King  
He is the only One  
He's everything  
He is the only One  
I wanna sing  
Now, now, now, now, now, now, now, now

Stand Up and give Him praise.

I can't keep it to myself,  
I wanna shout.  
I can't keep it to myself,  
I gotta let this praise come out.  
I've been released, from sins of my past  
Taken away from my conscience at last,  
Free at last.
