She won't hesitate  
To take me to Denver  
Or to pay for my man made  
Wanna buy a bag?  
I pay like everybody else

She wears a nightgown  
In front of you  
Shows you a nipple  
Or that's just what I see  
Wanna buy a bag?  
I pay like everybody else

All of the makers are comatose  
All the makers make the most  
And when they buy their bags  
They pay like anybody else

All of the daughters are having fun  
They spend all their evenings looking for guns  
And when they buy their bags  
They pay like anybody else

It's okay to have fun with your mind  
Hang onto anything decent you find  
Cause when you buy your bag  
You pay like everybody else

I been alone for a very long time  
Take care of yours  
Cause I take care of mine  
If I certainly leave  
You'll pay like everybody
