You're loving me  
Now I'll never see your face again  
You never knew you were my only friend  
Now you've just become disposable

You needed love  
Don't you know that love and lust can't mix  
Eventually I saw through your tricks  
And were you get your fix off of other people's souls

We were so young  
Out of control  
I bought the dream the one you stole  
So let's not pretend we're good  
No let's not pretend we're good

I gotta go  
And I won't come back this way again  
I guess your disguise just got too thin  
And now I can see exactly who you are

I hope for you  
Eventually you'll learn to follow through  
But when you do you won't be who I knew  
Back when we threw ourselves off of every single  
ledge

We were so young  
Out of control  
I bought the dream the one you stole  
So let's not pretend we're good  
No let's not pretend we're good

We were so young  
Out of control  
I bought the dream the one you stole  
So let's not pretend we're good  
No let's not pretend we're good

We were so young  
Out of control  
I bought the dream the one you stole

So let's not pretend we're good  
No let's not pretend we're good
