I'm getting cold  
You used to have a heart  
Now I guess its just a stone  
You said Leave Me Alone  
But even tho I'm here  
You know that I'm already gone

Gone, baby  
Even tho I'm here you know that I'm already gone  
Gone, baby  
Even tho I'm here you know that I'm already gone

We've got some time  
So lets walk hand in hand together  
And hold our heads up high  
Since I can't read your mind  
You've got to tell me what you're thinking  
I won't write in the sky  
I won't write in the sky

We're getting old  
We've planted our seeds and now we wait for them to  
grow  
You said I'll never show  
You how I really feel or which way I'm gonna go

Gone, baby  
Even tho I'm here you know that I'm already gone  
Gone, baby

Even tho I'm here you know that I'm already gone

We've got some time  
So lets walk hand in hand together  
And hold our heads up high  
Since I can't read your mind  
You've got to tell me what you're thinking  
I won't write in the sky  
I won't write in the sky

No one to hold  
The world will make a dream

And a prayer out of our bones  
To find where we belong  
Our shadows will remain  
Even after we are gone

Gone, baby  
Even tho I'm here you know that I'm already gone  
Gone, baby  
Even tho I'm here you know that I'm already gone
