i'm gettin cold  
you used to have a heart, now i guess its just a stone  
you said leave me alone  
but even though i'm here you know that i'm already  
gone

[gone baby]

even though i'm here you know that i'm already gone  
[gone baby]

even though i'm here you know that i'm already gone

you've got some time too  
lets walk hand in hand together and hold our heads up  
high

[hold our heads]

since I can't read your mind

you've got to tell me what you're thinking i won't write it  
in the sky

[i won't write it in the sky]

[i won't write it in the sky]

[i won't write it in the sky]

we're gettin old  
we've planted our seeds  
and now we wait for them to grow  
you said i never show  
you how i really feel or which way i'm gonna go  
[go baby]

even though i'm here you know that i'm already gone  
[gone baby]

even though i'm here you know that i'm already gone  
[gone baby]

even though i'm here you know that i'm already gone  
[gone baby]

even though i'm here you know that i'm already gone

we've got some time so lets walk hand in hand  
together and hold our heads up high  
[hold our heads]  
since i can't read your mind  
you've got to tell me what you're thinking i won't write  
in the sky

[i won't write it in the sky]  
[i won't write it in the sky]  
[i won't write it in the sky]

no one to hold  
the world will make a dream and we're proud of our  
bones  
to find where we belong  
our shadows will remain even after we're gone  
[gone baby]

even though i'm here you know that i'm already gone  
[gone baby]  
even though i'm here you know that i'm already gone  
[gone baby]  
[i won't write it in the sky]  
even though i'm here you know that i'm already gone  
[gone baby]  
[i won't write it in the sky]  
even though i'm here you know that i'm already gone  
[gone baby]  
[i won't write it in the sky]  
[i won't write it in the sky]  
[i won't write it in the sky]  
[baby]  
[i won't write it in the sky]  
even though i'm here you know that i'm already gone  
[gone baby]  
even though i'm here you know that i'm already gone
