You want to be free
Don't act like it's bad
I'm already dead
My home is your head

Hey
You and me can't get what we need

Hey
You and me aasn't get what we need

You're a suicide only out for revenge
You can't control my mind if I don't believe your're
gonna try

Hey
You and me can't get what we need

Hey
You and me can't get what we need

You want to be free
Don't act like it's bad
I'm already dead
My home is your head

Hey
You and me can't get what we need

Hey
You and me can't get what we need
