Rita ...

I thought I could save her  
but she was sinking too fast  
We danced to Duke Ellington  
Like neither of us had a past  
I never knew where she came from  
And how I never even asked

Rita

Were you happy all the time

Rita

Were you happy all the time

Rita

Were you happy all the time  
Were you happy being mine  
When the moon paying through the sky  
In a world passing us by  
I could see the fire in your eyes

Rita needed love

But she had no love to give  
And even though she was full of guilt  
She was easy to forgive  
We danced to Duke Ellington in the bottom of a cup  
And ... the only way you can  
By completely gibing up

Rita

Were you happy all the time

Rita

Were you happy all the time

Rita

Were you happy all the time  
Were you happy being mine  
When the moon paying through the sky  
In a world passing us by  
I could see the fire in your eyes

When the moon hits the sun

We will never ever become him back

When the moon hits the sun

We will never ever become him back
