Trapped behind these four white walls
Waiting for someone to call
Somethings gonna have to give
And I don't know when

Seems it's taking for too long
I've been stuck on this same song
I've been stanging on the edge
And I'm gonna fall

Promise me
You won't follow me
Cause I've gone down the wrong road
And I've lost my own way back

It's all my fault I can't hide it
I've tried to run I can't fight it
Everbody dreams
Why can't I just make a scene

I've been blinded by the dark

Hoping for a little spark
Diving in a pool of sharks
Though I cannot swim

Trying to understand myself
All my musics on the shelf
Got the dust as I try
To search within

Promise me
You won't follow me
Cause I've gone down the wrong road
And I've lost my own way back

It's all my fault I can't hide it
I've tried to run I can't fight it
Everbody dreams
Why can't I just make a scene
Falling all the time

Before I cross the finish line
