I saw a man the other day with smiles and holes in his shoes. I asked
Him how he found the smiles. his silence tore me in two.

Now I don't know how long it's been since you've cried but wipe off
Those eyes it gets worse.

We been searching for some kind of love in all the wrong places. we're done.

Leave me love, just leave me alone. sing a song to the forsaken while
You welcome them home. go, be gone, and while you're singing that song
Remember what you forgot.

Mary ann, mary jane and me been talking all damn night with eloise and
We see more glass along the way and we ask our friend, "why you so
Unhappy?"

Why don't you take a seat, blow out your brains. stuck in a cave. it's

A perfect day.

We been searching for some kind of love in all the wrong places. we're done.

Leave me love, just leave me alone. sing a song to the forsaken while
You welcome them home. go, be gone, and while you're singing that song
Remember what you forgot.

Josephine crew creeping on your block. ride slow with the hammer
Cocked on my glock. mad money, mad bitches, mad honeys, that's life.

With a rhyme so divine, you know you can't stop. right?!
move your
Body, shake the soles of your shoes and if you coming
with your click
Boy you know you gonna lose. got the flow and cash to
make you bounce
Your ass and if you ain't here to dance, lead foot on the
gas.

I'm out.
