how i expected it o be driing you crazy makes
a girl like me know ya patient for real love

Carmen Chorus- See i picked it up
like love at first site
thinking that i was not gonna be the girl
in ya world that tried to drive you crazy
cause you was the man that i never had
the only reason why im singing this to you
is or you to know it was love at first site.

Carmen- started dreamin of where love can
take me
and it took me into ya heart
see baby i was working throught time and
time again seeing where next should i start
but see you and only you can understand how
a guy like you would make me and nichole
understand that we need some one like you.

Carmen Chorus
