Well I don't think that I can say all the things you want
me to say
So I'll be the old man I listen to you and I tell you the
way
What you believe in is not what I know you think I'm
crazy
What you're afraid of is where you can hide
This is the longest and the most common divide

You can take all the money set it on fire and we'll watch
it all burn
I'll make it funny I promise to love if you promise to
learn
What you believe in is not what I know you think I'm
lonely
What you rely on is where you can hide
This is the longest and the most common divide

Well I don't think that I can do all the things you want
me to do
So I'll be the best friend all I can do is just all I can do
What you believe in is not what I know you think I'm
crazy
What you're afraid of is where you can hide
This is the longest and the most common divide
