Did you want to come with me?
Swear that I would do no wrong
If only you were meant for me
Swear that I would do.

She tore but never wore me out
Get bored we're living hard to stop
This one you never take enough
You get what you give and live what you fear
it's back into my head

Wait until the day goes by
I'm falling
To see you once again
Waited for you yesterday
I'm falling
Into the crack again
Life is such a hurricane
I'm crawling
Back again
Waiting for the ones that get you high

I was born
So long till I change
Razor blade

A hero and slave
You know I'd never do the same
The wrong place, wrong time, it's just the wrong way

Waited for you yesterday
I'm falling
To see you once again
Life is such a hurricane
I'm crawling
To my feet again
Lady you're the same your name
I'm calling
Wait your wait again
Life is such a hurricane
I'm falling
Back again

Waiting for ones that get you high

She never told me anything
Just kept it locked away
As long as I can learn to breathe
I think I'll be okay

Chorus
And we'll never leave
