This time I say goodbye
I know it will last my life
The one left, she doesn't mind
she puts her hand in mine

Waiting for the sun
bid you well
bought a gun
demon sword

Just go, there's nothing left to say
Just go, I never wanted it this way
Just go, I'll make it on my own
but life alone is so uneasy
Just go, you'll never set me back
Just go, you'll never teach me how to act
Just go, it's not a place to be
for someone who
is just like me

This foundation gave way to quick
I paddled out to drown with it
Move slowly, she wants it all
This herion drew her in from the rainfall
and I don't want it

Just go, there's nothing left to say
Just go, I never wanted it this way
Just go, I'll make it on my own
but life alone is so uneasy
Just go, you don't affect me now
This life, you'll never know what it's about

Just go, I'll make it on my own
but life alone is so uneasy
Life alone, so uneasy
for someone who is just like me
Life alone, so uneasy

For you I'd do anything
For you I'd do anything

Just go, I wanted you for my suicide
It comes undone, she wants
Faded, discard your lies
now I find that I'm
In control again

Just go, there's nothing left to say
Just go, I never wanted it this way
Just go, I'll make it on my own
but life alone is so uneasy
Just go, you want to take it there
I know you still imagining
Just go, It's not a place to be
for someone who is just like me
Just go, there's nothing left to say
Just go, I never wanted it this way
Just go, I'll make it on my own
but life alone is so uneasy
Life alone, so uneasy
Lady falling far
Just go
Just go
