"Almost Ran"

Look in to the only open door and try to find the
daylight
Look in to the eyes of the one you love and only see the
time
Close the gate go to work keep the children out of
danger
Don't you hold your breath boy and won't you learn to
mind

Almost ran outta here
Almost ran outta here
Back it up and put the blame right here
Cuz I almost ran like you know I can

Time to wake up sister you're working in an hour
All the boys you've dreamed of are coming into view
Take the pill and play the part read the book and think
of true love
Plan the big vacation and see what came of you
