Whatâ€™s your name?
I donâ€™t care
Letâ€™s get lost
Anywhere
Take a pic
Cause we wonâ€™t remember tonight

Weâ€™ll sleep all day
Cause the party is about to start
Weâ€™ll show up late
Canâ€™t remember where I parked my car
And if thereâ€™s hell to pay
I would have to say it was worth it
And oh oh I feel it

All night long
Weâ€™ll be going so hard
Put your hands up up
Getting down in the dark
Making excuses
And if we get stupid
I donâ€™t give a
So baby lets do it

Blacked out shades
Like were running this town
Boutâ€™ to tear this up
Then were shutting it down
Making excuses
And if we get stupid
I donâ€™t give a
B-b-baby lets do it

If they call the black and whites
IDGAF tonight
If they want to start a fight
IDGAF tonight
If they call the black and whites
IDGAF tonight
IDGAF

Here we are

What a mess
Whatâ€™s your name?
Ha, I forget
Lose your voice
Lose your shirt
Tonight

Weâ€™ll sleep all day
Cause the party is about to start
Weâ€™ll show up late
Canâ€™t remember where I parked my car
And if thereâ€™s hell to pay
I would have to say it was worth it
And oh oh I feel it

All night long
Weâ€™ll be going so hard
Put your hands up up
Getting down in the dark
Making excuses
And if we get stupid
I donâ€™t give a
So baby lets do it

Blacked out shades
Like were running this town
Boutâ€™ to tear this up
Then were shutting it down
Making excuses
And if we get stupid
I donâ€™t give a
B-b-baby lets do it

If they call the black and whites
IDGAF tonight
If they want to start a fight
IDGAF tonight
If they call the black and whites
IDGAF tonight
IDGAF
