I don't know how to say this  
But I swear I saw it coming  
Not much of a surprise  
When you looked me in the eyes  
And said sit down, so we sat down

And the worst fall for me was  
The best fall for you and  
I can't hold it in  
I'm just not that strong

Chorus:

Cause I fall down and you fall out  
Of love with me  
And everything we used to be  
And I can't say, that I'm okay  
When my heart breaks in two  
For you  
1, 2, 3 and it's over

Yeah

And I can't believe I'm saying this  
What a waste  
That I never would've met you  
Cause we were here  
And now you're there  
Oh no I need breath now  
Can we sit down  
And I can't pretend, like you pretend

You know you are  
You've always been

Cause I fall down and you fall out  
Of love with me  
And everything we used to be  
And I can't say, that I'm okay  
When my heart breaks in two  
For you  
1, 2, 3 and it's over

So show me your tears if your really crying  
You know I deserve to know  
So show me your fears if your really dying  
You know I deserve better

Better

Yeah

Cause I fall down and you fall out  
Of love with me  
And everything we used to be  
And I can't say, that I'm okay  
When my heart breaks in two  
For you  
1, 2, 3 and it's over

And it's over

And it's over

Yeah
