I don't know you, but i want to say hello to you  
ask you on a date or two-let's go.

We'll get some cofee, though we fight to much to drink  
and talk about the things that you like to think about.

Let's go! Let's go! Yeah!

Cause your small town and i'm big city, i'm real cool  
and girl you're pretty, i don't know how this goes but i  
found you and you found me and baby we'll make  
history. Baby we can last forever! Baby we can last  
forever!

And we'll do small talk, yes we'll small talk. Like we  
don't even know what direction to go... You'll take my  
heart and i'll take your hand. And we'll run, we'll run, as  
far as we can.

Let's go! Let's go! Yeah!

Cause your small town and i'm big city, i'm real cool  
and girl you're pretty, i don't know how this goes but i  
found you and you found me and baby we'll make  
history. Baby we can last forever! And baby we can last  
forever!

Oh now take another breath now, take another step  
now, this is more than casual. Oh now take another  
breath now, take another step now, this is more than  
casual.

Oh now take another breath now, take another step  
now, this is more than casual.

And we are young, but we are anxious. Girl this love is  
so contagious! We can do this all together, and baby  
we can last forever!

Cause your small town and i'm big city, i'm real cool  
and girl you're pretty, i don't know how this goes but i  
found you and you found me and baby we'll make  
history. Baby we can last forever! And baby we can last  
forever!

Cause your small town and i'm big city, i'm real cool  
and girl you're pretty, i don't know how this goes but i  
found you and you found me and baby we'll make  
history. Baby we can last forever! And baby we can last  
forever!

(Oh now take another breath now, take another step  
now, this is more than casual. Oh now take another  
breath now, take another step now, this is more than

casual.Oh now take another breath now, take another  
step now, this is more than casual.)  
Baby we can last forever!!!
