Young at heart, yes I am
Trying to find another way to fit in
Should I tuck my t-shirt in?
Never wear another tie again?
Keep my pants from falling down?
Keep my pants right on the ground?
It's so confusing; I think I'll just be me

This is who I am
Here's where I stand
If you don't like it, well you don't like it
You can't change me
I'm un-breaking
I am living free, just being me

I want to be cool, yes, I do
How far to go 'till I get to?
A thousand friends on Myspace?
Is that what it takes?
Know them all by name?
Will that bring fame?
It's so confusing; I think I'll just be me

This is who I am
Here's where I stand
If you don't like it, well you don't like it
You can't change me
I'm un-breaking
I am living free, oh

I don't have to follow rules, just to be cool
I don't have to give in, just to fit in
'Cause I know who I am, oh
Least I know who I am

This is who I am
Here's where I stand
If you don't like it, well you don't like it
You can't change me
I'm un-breaking
I am living free, just being me
This is who I am

Here's where I stand
If you don't like it, well you don't like it
You can't change me
I'm un-breaking
I am living free, just being me, just being me
