Barbara Streisand:  
Once I found the perfect love  
And you showed me everything there was  
to know of love  
Time will not betray the truth  
And for all the years we've shared  
I celebrate with you

For you...

Josh:  
Un forno t'incontrai

Barbara:  
And me

Josh:  
Pensai, "Adesso lei"

Barbara:  
Will be...

Josh:  
D'allora insieme noi...

Both:  
Forever  
You are all I know of love  
How could I ask for more  
You're everything I'm dreaming of  
You're all I need from love  
And every star above  
Spells out your name  
My swear I'll always feel the same  
You're all I want

Barbara:  
From love

Josh:  
All I want from love

Dimmi

Barbara:  
(Humming)

Josh:  
Che e'per l'eternita

Barbara:  
Like a memory

Josh:  
M'attirai ad abitare neipensieri tuoi  
Con te

Barbara:  
You are my only heart

Josh:  
In te

Barbara:  
I loved you from the start

Josh:  
Noi due

Barbara:  
Together not apart

Both:  
Forever  
You are all I know of love  
How could I ask for more  
You're everything I'm dreaming of  
You're all I need from love  
And every star above  
Spells out your name  
My swear I'll always feel the same  
You're all I want

Josh:  
From love

Both:  
You're all I want from love

Josh:  
Pensami

Barbra:  
I think of him

Josh:  
Perche'io songno te

Barbra:

You'll be with me  
Josh:  
Due cuori e un anima  
Barbra:  
My love flows free through you  
Josh:  
...E liberi  
Barbra:  
I live my whole life  
Josh:  
I'll live my life  
Both:  
To be with you  
You'll always be the one who taught me  
Everything my heart knows to be sure  
My heart knows you  
You're all I know of love  
How could I ask for more  
You're everything I'm dreaming of  
You're all I need from love  
Barbra:  
And every star above  
Josh:  
Every star above  
Both:  
Spells out your name  
I swear I'll always feel the same  
You're all I want  
Josh:  
From love  
Barbra:  
You're all I want from love  
Both:  
You're all I know of love
