Baby, the clock on the wall is lying
It's not really that late
It's too cold outside to be walkin' around
The streets of this town
And wherever you think you have to be can wait
So why don't you stay with me?
Share all your secrets tonight
We can make believe the morning sun never will rise
Come and lay your head on this big brass bed
And we'll be alright as long as you stay with me, yeah
yeah

Baby, there's just no use in hiding
The way that i'm feeling right now
With you standing there baby I swear I can't help but
stare
Girl you're wearing me out, wearing me out

Baby stay with me
Share all your secrets tonight
We can make believe
The morning sun never will rise
Come and lay your head on this big brass bed
And we'll be all right as long as you stay with me
Baby don't go it looks like it's starting to rain
And it's so warm here in this apartment wrapped up in
this blanket

So Stay

Stay with me
Share all your secrets tonight
We can make believe
The morning sun never will rise
Come and lay your head on this big brass bed
And We'll be alright as long as you stay
I'll be alright as long as you stay
With me, yeah

Stay with me
