I watched you wave goodbye
As you rolled down our drive
Without one single tear in your eyes
I tried to be strong
Forced a smile, said girl go on
I'll be fine don't you worry bout me
But inside I was holdin' on
Prayin' that you might see I'm all you'll ever need

How do I hurt?
And how do I cry
When so many times you let me down
Where do I turn?
And where do I hide.
With all this emptiness inside
There's no use in lovin' you at all
So let me fall

I try to make it through the days
Of throwin' all those things away
The ones that remind me of you
But soon they'll be nothin' left
But the bed where you laid your head
The one that I wake up in, without you

How do I hurt?
And how do I cry
When so many times you let me down
Where do I turn?
And where do I hide.
With all this emptiness inside
There's no use in lovin' you at all
So let me fall

How do I hurt?
And how do I cry
When so many times you let me down
Where do I turn?
And where do I hide.
With all this emptiness inside
There's no use in lovin' you at all
There's no use in lovin' you at all

So let me fall
Let me fall
