Lara Fabian: I close my eyes  
And there in the shadows I see your light  
You come to me out of my dreams across the nite

Josh Groban: You take my hand  
Though you may be so many stars away  
I know that our spirits and souls are one

Lara: We've circled the moon and we've touched the  
sun

Both: So here we'll stay  
For always  
Forever  
Beyond here and onto eternity  
For always  
Forever  
For us there's no time and no space

Josh: no barrier love won't erase

Lara: wherever you go I still know in my hear you'll be  
here

Both: with me

Josh: From this day on (day on)  
I'm certain that I'll never be alone

Lara: I know what my heart must have always known  
(known what my heart must have known)

Both: That love has a power that's all its own  
And for always  
Forever  
Now we can fly  
And for always  
and always

Lara: We will go on (we will go on)

Both: Beyond goodbye

Lara: For always

Josh: Forever

Lara: Beyond here and onto eternity

Josh: For always

Lara: and ever

Both: You'll be a part (you'll be a part) of me

And for always

Forever

A thousand tomorrows may cross the sky

And for always

And always

We will go on (we will go on) beyond goodbye
