Coffee's on the table and I
Just can't seem to wake up
This aching heart of mine

One more day without you and I'll be fine
You know I'm good for waiting but waitings wasted time

Oh and I
I don't take it lightly
The trouble that I've gone through
To get you to know who I am

Oh and I
I can't find a reason
To be happy in this heartache
'Cause I should know better than that
I'm better than that

Wicked winds are blowing through the hall
Those old familiar faces are clinging to the walls
I know it's cold but I can't feel at all
And I know these walls are crumbling and I won't stay to watch them fall

Oh and I
I don't take it lightly
The trouble that I've gone through
To get you to know who I am

Oh and I
I can't find a reason
To be happy in my heartache
'Cause I should know better than that

But I can't stop loving you
And I don't know what to do to keep holding on

Oh and I

I don't take it lightly
The trouble that I've gone through
I've given you all that I am

Oh and I
I can't find a reason
To be happy in my heartache
'Cause I should know better than that
Oh I'm better than that
