We had the perfect kind of love
The stuff you just don't get enough of
Every man of with each other
We never though we could indulge
So I gave my heart and fell
If I went to started to tell that
It aint just the seasons changing
We would go our separate ways
Baby first, soon I'll learn
You tried to hide it
Im not the only ones whose getting

[CHORUS:]

So if you love him let me go
Its time I told you that I know
And don't be acting like your sorry
It don't mean a damn thing
It may take you by surprise
That we both been living lies
But believe me when I tell you
It don't mean a damn thing

They say love only goes with trust
Some how it never worked with us
From the moment that I saw you with him
I start to realize what all of this was
So so pain
I give up
I played your game
And now im gunna tell you

[CHORUS:]

So if you love him let me go
Its time I told you that I know
And don't be acting like your sorry
It don't mean a damn thing
It may take you by surprise
That we both been living lies

But believe me when I tell you
It don't mean a damn thing

No no no no no
It don't mean a damn thing
No no no no no
It don't mean a damn thing
Now im not saying this is right
But it aint that you tried
To fight it when you crossed the line girl
So they gave up on your time
When I turned my back and I followed my heart
Let this die
So I came along and fell
If I went to I started to tell
It aint just the seasons changing

[CHORUS:]

So if you love him let me go
Its time I told you that I know
And don't be acting like your sorry
It don't mean a damn thing
It may take you by surprise
That we both been living lies
But believe me when I tell you
It don't mean a damn thing

if you love him let me go
Its time I told you that I know
And don't be acting like your sorry
It don't mean a damn thing
It may take you by surprise
That we both been living lies
But believe me when I tell you
It don't mean a damn thing

No no no no no
It don't mean a damn thing
No no no no no
