Baby talk close to me
So no one understands, no babe
And whisper mysteries
To make me more on ease, on no
As everything gets darker
We shine just like the sun

So don't you know that if we can keep this thing
together
All this heat could burn for the rest of our lives
What we have is oh so deep
It's like we're drowning
It just keeps getting better all of the time
Until the day I die

Girl come close to me
There's a vision in my mind, yeah
You are all I see
And without you I'd be blind, no oh
As everything gets darker
We shine just like the sun

So don't you know that if we can keep this thing
together
All this heat could burn for the rest of our lives
What we have is oh so deep
It's like we're drowning
It just keeps getting better all of the time
Until the day I die

La La La La La La, Baby
La La La La La La, Oh Oh
La La La La La La
La da da da da da

Don't you know that if we can keep this thing together
All this heat could burn for the rest of our lives
What we have is oh so deep
It's like we're drowning
It just keeps getting better all of the time

Don't you know that if we can keep this thing together

All this heat could burn for the rest of our lives
What we have is oh so deep
It's like we're drowning
It just keeps getting better all of the time
It keeps getting better by the hour
It keeps getting better by the day
Until the day I die
