When the rain is blowing in your face
And the whole world is on your case
I could offer you a warm embrace
To make u feel my love

When the evening shadows and the stars appear
And there's noone there to dry your tears
I could hold u for a million years
To make you feel my love

Oh i know u haven't made your mind up yet
But i will never do u wrong
I knew right from the moment that we met
No doubt in my mind we'd be wrong

Id go hungry I'd go black and blue
Id go crawling down the avenue
No there's nothing that i wudnt do
To make u feel my love

Hmmm.....

Oh when the storms raging on the open sea
And on the highway of regret
The winds will change they'll blow wild and free
You ain't see nothing like me

I could make you happy make your dreams come tru
Though there's nuthin that i wudnt do
Ill go to the ends of the earth for you

To make you feel my love (4)
