Here I am and I don't have much to say
It seems so strange to stare at you and to feel this way
Feel this way

Here I am and I don't really know this time
The phone can ring off the hook I don't mind
I don't mind

Chorus

Love is lonely (I don't mind) love is cruel (I don't mind)
Love is only for a fool, for a fool

So here I am and I'm not really sure right now
Shut the shade the lights too bright and I don't feel so
well
Feel so well

Chorus

Here I am and I don't really care this time
The record skips and stammers the beat and repeats
the line

Repeats the line

Chorus

So here I am
