My, oh my, how long it's been
You look just like you did back then
All we need is a sunset
Springsteen and an old Chevette

We're right back on that riverbank
Down a long dirt road on an empty tank
Our first love, first anything
And that moon saw everything

Does it take you back?
Say, baby, does it make you think?

Is that a good memory or a great idea?
Do we just reminisce or get out of here?
Back to when you called me baby
Slow and softly in my ear
Is that a good memory or a great idea?
Is that a great idea?

I can see your bedroom window now
Easin' up and you sneakin' out
Scared to death of your old man
If he'd have caught us, we'd both be dead

It ain't no doubt you looked real fine
As I recall, you weren't real shy
Tank top and cutoff jeans
You knew how to get to me

Does it take you back?
Tell me, baby, does it make you think?

Is that a good memory or a great idea?
Do we just reminisce or get out of here?
Back to when you called me baby
Slow and softly in my ear
Is that a good memory or a great idea?

First anything
First everything
Alright

Is that a good memory or a great idea?
Do we just reminisce or get out of here?
Back to when you called me baby
Slow and softly in my ear

Is that a good memory or a great idea?
Do we just reminisce or get out of here?
Back to when you called me baby
Slow and softly in my ear
Is that a good memory or a great idea?
Is that a good memory or a great idea?

It's a great idea
Come on, take my hand, little baby
It's a great idea
