Verse 1

You put them on, one leg at a time
Hoping that today is your day
To make it your way
Pressing hard, your hands upon the flash,
And laughing with a broken smile
Such misterious denile singing

Chorus

Break these chains
Im running out of time
I've wasted all my energy
On nothing more than lies
Come set me free
From dead and misery
From everyone and everything
I think i need to be me
ooo-hoo-oo

Verse 2

Fist into the wall
Our choices hangin on our shoulder
It's never over
I wish i may
I wish i saw the light
Back when days were so much longer
What happened to the hunger

Bridge

It's not the way i thought it would be
I set them up,
I knock them down
I gotta get outta here

Chorus

Break these chains
Im running out of time
I've wasted all my energy
On nothing more than lies
Come set me free
From dead and misery
From everyone and everything

I think i need to be me

To just be me
To just be me
From everyone and everything
I think i need to be me

Vamp
Clocks are going round
Changes coming down
The intensity's bound
To destin someone
I'll leave it up to me
To believe in what i see
Aint gonna let nobody spool

Chorus
Break these chains
Im running out of time
I've wasted all my energy
On nothing more than lies
Come set me free
From dead and misery
From everyone and everything
I think i need to be me

To just be me
To just be me
From everyone and everything
I think i need to be me

To just be me
To just be me
From everyone and everything
I think i need to be me

Yeah-Yeah
From Everyone
From Everyone i think i need to be me
From Everyone
From Everyone i think i need to be free
