"Share This Day"

When I close my eyes
All I do is think of you
And I wonder if you feel the same way too

Will tonight be the night
That everything will be just right?
Beneath the wreaths of green
I see it in my dreams

We're all finding our way
Through another holiday
Wrapping hopes and dreams
In angel's wings tonight

Time to give and receive
But the only gift I need
Is to share this day and every day with you

On my Christmas list
There's a wish I hope will come true
That this holiday brings me one step closer to you

Let tonight be the night
That every star's a diamond light
The smile in your eye's
A beautiful surprise

We're all finding our way
Through another holiday
Wrapping hopes and dreams
In angel's wings tonight

Time to give and receive
But the only gift I need
Is to share this day and every day with you

What do I see (What do I see)
In the morning light
My yuletide dream became reality

We're all finding our way
It's the greatest holiday
Catching hopes and dreams
On angel's wings tonight

You're my heart, you're my home
You're the hope I've always known
When I share this day and every day with you

(Joy to the world)

We're all finding our way
It's the greatest holiday
Flying high on my angel's wing tonight

You're my heart, you're my home
You're the hope I've always known
When I share this day and every day with you

(Joy to the world)

Share this day

(Joy to the world)

Day with you

Share this day

Day with you

(Joy to the world)

Share the day

Just me and you

(Joy to the world)

Me and you

(Joy to the world)

Share this day
