birds beneath my window dustying their wings upon  
the lawn  
Hear 'em in the morning light a last amen to a  
migratory song  
they're never looking round for me "their eyes are  
on the sky or the ground below  
I'd rather be the one who loves than to be loved and  
never even know

hello blackbird  
hello starling  
winter's over  
be my darling  
a long time coming  
but now the snow is gone x 2

you were beautiful when I first saw your feathers and  
confectionery airs  
the earth lit up and promised you the stars but you  
really didn't care  
I sang in exultation i pulled the stops "you always  
looked a little bored  
I'm singing for the love of it "have mercy on the  
man who sings to be adored

hello blackbird  
hello starling  
winter's over  
be my darling  
long time coming  
but now the snow is gone

I'm underneath your window now "it's long after  
the birds have gone to roost  
I'm not sure if I'm singing for the love of it or for the  
love of you  
I've flown a long way honey oh hear my confession  
then I'll go  
I'd rather be the one who loves than to be loved and  
never even know

hello brown one

hello blue one  
last night's feathers  
exchanged for new ones

hello blackbird  
hello starling  
winter's over  
be my darling

long time coming  
but now the snow is gone x 2

so long.....
