She was feelin' 1972  
Groovin' to a Carole King tune  
Is it too late baby?  
It it too late?  
That boy was always up to no good  
Smokin' pot and playin' pool  
In the afternoon  
Unemployed and high

We're goin' through the changes  
Hopin' for replacement  
Until we find a way out of this hole

Spanish girl with a tattoo  
Workin' nights at the drive-thru  
And she asks herself  
Could this be all?

Screwin' in a motel room  
Watchin' news on channel two  
Victoria tell me  
Where is your dream?

We're going through the changes  
Hopin' for replacement  
Until we find a way out of this

We're going through the changes  
Hopin' for replacement  
Until we find a way out of this

A way out of this hole  
Out of this hole  
Out of this hole  
Oh  
Oh
