Don't like the direction you are going to
seems to lack the attention, that it used to
stay out all night and get high with your friends
wonder why you don't get one thing done and now
don't like the direction you are going to

ahhha lalalala

Don't like the direction you have come to
now it has the attention, that it used to
stay up all night with the TV and wife
comfortable life's not all it's cracked up to be
don't like the direction you have come to

And it's easy to get caught and the weight of the world
it's falling on your face, so unsure that you would

Don't like the direction you are going to
seems to lack the attention, that it used to
and stay out all night and get high with your friends
wonder why you don't get one thing done and now
don't like the direction you are going to

And it's easy to get caught and the weight of the world
it's falling on your face, so unsure that you would

Don't like the direction you are going to
seems to lack the attention, that it used to
and stay out all night and get high with your friends
wonder why you don't get one thing done and now
don't like the direction you are going to
