Drive in the slow right lane 'cause we've got some time  
to kill

You know I love this time of year  
And you're a strange, strange find  
I wanna take all I can from you just give me a sign  
And I'll be right at your side

Lately I've been feelin' no pain  
My heart is wide open and somehow  
Everything falls into place and it's love

Words, words that don't come out  
If I'm confusing you I'm just here to clean your doubts  
And I'm inclined to tell you I don't need any room to  
breathe  
I wanna see you laid out, see you laid out  
Sleeping on the couch 'cause baby

Lately I've been feelin' no pain  
My heart is wide open and somehow  
Everything falls into place and it's love

And lately I've been feelin' no pain  
My heart is wide open and somehow  
Everything falls into place and it's love  
And it's love

And I will find a way  
To bring the light back to your day  
And I will show you, I will show you  
That I, I can change

'Cause lately I've been feelin' no pain  
My heart is wide open and somehow  
Everything falls into place and it's love

And lately I've been feelin' no pain  
My heart is wide open and somehow  
Everything falls into place and it's love  
And it's love
