She sends has a little photograph
That she shot in the nude
She doesn't wear a conscience
She doesn't play by rules

She turns me on baby everynight
And in the daytime too
I'm flyin' at her like an aeroplane
Like some clueless fool

There goes that melancholy feeln' again
It looks like love is gonna find a way
Hey, hey, hey
And just when you start believn' in it
It looks like love is gonna show it's face
Hey, hey, hey, heyy

I got some things to show her
I take her to my room
She likes to eat that chocolate
She likes the cinema too

She cum cum a baby everynight
And in the daytime too
I feel like flyin' at her like an aeroplane
Like some clueless fool
There goes that melancholy feeln' again
It looks like love is gonna find a way
Hey, hey, hey
When you start believn' in it
It looks like love is gonna show it's face
Hey, hey, hey, heyy

And when you start believn' in it
It looks like love is gonna show it's face
Hey, hey, hey, heyy
