It's cold in San Francisco
It's California gray
One night on Telegraph Hill
We kept the wolves at bay

I wrote you a long letter
Some things you can't explain

Julie come out of the rain
It's cold and I can't wait forever
Julie, if you want me to stay
Why don't you show it?

I called a taxi for you
Your raincoat, it was blue,
Outside the wind was talking
Of how I felt for you.
You left your cigarettes and
A dozen other things.

Julie come out of the rain
It's cold and I can't wait forever
Julie if you want me to stay
Why don't you show it?
Give me a smile and say
Everything's OK

Oh it's California gray
Oh it's California gray

It's cold in San Francisco
It's California gray
One night on Telegraph Hill
We kept the wolves at bay

Julie come out of the rain
It's cold and I can't wait forever
Julie, if you want me to stay
Why don't you show me?
Give me a smile to say
Everything's OK

Look in my eyes and say
Everything's OK

Oh it's California gray
Oh it's California gray
