Love ain't on my side, love ain't special, love ain't great
Lost in a fog, amusing spite to find my way
Where did you go? I still curse you to this day
I miss her smile, I miss her laughing in my face

And when you coming round
Baby I've been so blue
And I sleep with the TV on
It's the only sound now loves gone

I will recover, I will hear it whispered back
Until then I'll keep one leg up off that track
'Cause he tells you you are still upon his mind
He'll get around to see you when he finds the time

And when you coming round
Baby I've been so blue
And I sleep with the TV on
It's the only sound now loves gone

When you coming round?
Baby I've been a fool
And I've already waited so long
So long my love has gone

When you coming round
Baby I've been so blue
And I sleep with the TV on
It's the only sound now loves gone

When you coming round?
Baby I've been a fool
And I've already waited so long
So long my love has gone

I've already waited so long
