Trying hard to be aware even when I know the sky s  
falling -  
Terror cried to me she s scared wanna run away but  
she s stalling -  
And the weather is strange it keeps raining everyday -  
I keep walking away from the place in the cage where I  
feel like I m stuck on the same path I followed working  
hard to try and break the chain -  
Better to see you, better to see you -  
Now I got a feeling nothing will slow you -  
Always Afraid -  
Does the pain you kill change the way you feel -  
Always Afraid -  
I ran into a friend today he wanted me to know you  
were sorry -  
I didn t know what to say I want to hear your side of the  
story -  
I keep walking away from the place in the cage where I  
feel like I m stuck on the same path I followed working  
hard to try and break the chain -  
Better to see you, better to see you -  
Now I got a feeling nothing will slow you -  
Always Afraid -  
Does the pain you kill change the way you feel -  
Always Afraid -  
I keep walking away from the place in the cage where I  
feel like I m stuck on the same path I followed working  
hard to try and break the chain -  
It's better to see you, better to see you -  
Now I got a feeling nothing will slow you -  
Better to see you, better to see you -  
Now I got a feeling nothing will slow you -  
Always Afraid -  
Always Afraid -  
Does the pain you kill change the way you feel -  
Always Afraid
