Burn! burn you got that, burn, burn -
Oh mother please inform me what keeps tearing you
apart -
Did someone squeeze the life out of you and -
Has father been drinking nightly did he hurt you with
his mouth -
This time I'm gonna make him think again -
Burn -
Days and nights take a turn -
Burn -
Days and nights take a turn -
It's taken a lifetime -
Please let me tell the story they had a fallen out -
This time she heard voices calling as -
Gaseoline fills the bedroom as father passes out and
one match means the nightmares over -
Burn -
Days and nights take a turn -
It's taken a lifetime -
She sat down ans wrote a letter broken down and in
distress she had to make things better -
So she decided to destroy the family -
Without a dought destroy the family, destroy the famil!
-
Burn -
Days and nights take a turn -
It's taken a lifetime -
Burn -
Days and nights take a turn -
It's taken a lifetime -
Oh mother please inform me what keeps tearing you
apart -
Did someone squeeze the life out of you and -
Has father been drinking nightly did he hurt you with
his mouth -
This time I'm gonna make him think again -
Burn!
