I'd like to think it's all a dream -
Someone please come and rescue me -
Don't want to see my family torn -
Left me with a soul without my lovely bones -
We are alive tonight -
I am free, free for the rest of my life and -
Me it's out of my control oh -
Without my lovely bones -
I sit and watch my friends today -
I'm gone and wish that I could stay -
I guess this is how it's supposed to be -
Left me with a soul without my lovely bones -
We are alive tonight -
I am free, free for the rest of my life and -
Me it's out of my control oh -
Without my lovely bones -
As I was thinking forgot to swallow, a burning feeling
about tomorrow -
And I finally stop to find it written on your face -
You did what you could for me, you did what you could
for me -
I sit and watch it all go by -
My father wants to make it right -
The secrets buried deep inside of me -
Left me with a soul without my lovely bones -
We are alive tonight -
I am free, free for the rest of my life and -
Me it's out of my control oh -
Without my lovely bones -
We are alive tonight -
I am free, free for the rest of my life and -
Me it's out of my control oh -
Without my lovely bones -
Without my lovely bones -
Without my lovely bones
