She jumped into the last one, heart and soul and all.
He tripped her up, she started to fall.
Awe but it felt so right, a little too much so.
And he found out a little more than he needed to know.

Chorus

Yeah, well she loves too much, falls too hard,
Welcomes a touch and undresses her heart,
Gives up too quick, cries on a dime,
Finds the same man she had last time.

Yeah one of these days it will be alright,
She'll give him a chance, more than just one night.
He'll make mistakes like the rest of us do,
And then figure it out and fall in love with her too.

She's never been good at playing hard to get,
You'd think she learned it hasn't worked yet.
Yeah but she can't change,
She's too honest for that as her heart hits him square
like a baseball bat.

Chorus

Yeah, well she loves too much, falls too hard,
Welcomes a touch and undresses her heart,
Gives up too quick, cries on a dime,
Finds the same man she had last time.

Yeah one of these days it will be alright,
She'll give him a chance, more than just one night.
He'll make mistakes like the rest of us do,
And then figure it out and fall in love with her too.

She gave him a car to use while she was gone.
Came back to lipstick and love songs on.
She had a key made so he could spend the night.
But too much trust just started a fight.

Chorus

Yeah, well she loves too much, falls too hard,
Welcomes a touch and undresses her heart,

Gives up too quick, cries on a dime,
Finds the same man she had last time.

Yeah one of these days it will be alright,
She'll give him a chance, more than just one night.
He'll make mistakes like the rest of us do,
And then figure it out and fall in love with her too.
